3929.8

Additional Family Histories Now Available

MANUSCRIPT histories of the following families are now also available. If you have not found your name on the front of this sheet, be sure to look for it here. Look too for your mother's family name and for the names of your maternal ancestors. Even though your spelling is a little different from the form listed on this sheet, we believe you will still find the manuscript of much interest, for each one of these histories covers family lines using variant spellings of the name. Cousins of the old New England family of *Topliff*, for instance, wrote their surname in such different forms as *Toplif*, *Topleafe*, *Toplyf*, *Topley*, and *Tapley*.

Each manuscript is a skilfully compiled, well-rounded digest of the records of a family from remotest times, with an invaluable list of sources in which more voluminous data are to be found. Appended to each manuscript is a chapter comprising a fascinating survey of the best current thought on the origins and meanings of surnames in general. And with your order we will include the fan-shaped Ancestry Chart designed and copyrighted by the Bureau.

The price is $2.00 for one manuscript, $3.75 for any two, or $5.00 for any three. For more, allow $5.00 for the first three and $1.25 for each additional manuscript. Use the coupon on the other side and send for yours today.
